DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two story with attic, brick house with gable roof is one of the tiny alley houses that once served as homes for the servants of the more well-to-do inhabitants of Montgomery and William Streets.

The house is two and a half stories in height, about 15' wide, and occupies a lot 50' deep. The house is two rooms deep; there are no rear additions. The house is constructed in running bond. The low-pitched gable roof has rectangular chimneys located along the west side of both the front and rear gables. A simple, two-tier brick cornice extends across the facade.

The door and window openings of the first two stories have segmentally arched brick lintels with solid wood tympanums. The attic story windows have flat wood lintels. All of the sills are wood. The first floor window openings is filled with 1/1 sash; the second floor windows have new 6/6 sash; and the third floor windows have new 3/3 sash. A Mission-style oak door, behind a modern storm door, is set beneath a single light transom which has been filled in. The entrance is at sidewalk level.
